The Chain of Circumstanses Which Made Him Chief Justice.

The appointment of Mr. Waite as ne of the counsels for the Government in the Ganeva arbi ration, and his subsequent app intment to the position of Chief Justice, have been surprises to himself and friends, not on account of any want of qualification for those positions on the part of Mr. Waite, but for the simple reason that he utterly and methods by which

When the Whig querty was abando ed, its old leaders into State naturally drifted into the Republicar party .: It was and Corwin were such devoted whigs that they never fairly and fully became installed in the new organization but Delano, Gallowny, Ben Stanton, Schenck, Goddard, Wane, Horton and many other less prominent, very heartily entered the new organization, though they did not seek prominence, and, as Chase was Governor of the State, he very naturally became the prominent Re-

publican figure in Ohio. The ambition of Governor Chase to become President led him into the error of calling about him as his confidential advisers chiefly such men as had formerly acted with the Democratic party, while at the same time he spared no pains to cripple every prominent Republican who had been a leading Whig in the State. A bitter warfare was the result, and Chase found himto Mr. Lincoln's friends. Parcitally, that closed out Mr. Chase in Ohio, and he was never again before the people
